App Core Capabilities

Rich Content Formatting

32 easy-to-use macros that make your Confluence pages look professional – alerts, banners, cards, buttons, progress bars, forms, and much more. No design skills needed.

Advanced Content Navigation (Tabs)

Stop making readers scroll endlessly. Organize your page into clean, clickable tabs – pulled from child pages, labels, or hand-picked pages – in minutes.

Dynamic Visibility

Show the right content to the right people – on the same page. Show admin notes only to admins, hide sensitive info from guests, without creating separate pages.

Attachment Management & Audit

Find, filter, bulk-delete, and audit every file attachment across your Confluence site from one global dashboard, Keep storage clean and stay audit-ready.

Key Differentiators

32 Macros – All in One App

From simple alerts to full-page layouts, forms, markdown, HTML, activity feeds & more. One subscription. No limits on what you can build.

Forge-Native Architecture

Runs 100% inside Atlassian Cloud. Your data never leaves the platform-no external servers, no third - party storage, ever.

One Subscription, Not Many

One install replaces multiple separate apps, licenses & support channels – saving your team time and your company money.

Anyone Can Use It

No CSS, no coding, no design skills needed. If you can edit a Confluence page, you can use every macro in this app.
