Key Differentiators

**Five Versatile
Display Views**

View your Confluence data as a table, chart, grid, list, or paragraph-whatever works best for your team.

**Real-Time Live
Preview**

See results instantly as you build. Live Confluence data, no waiting.

**Spaces or Custom
CQL Queries**

Pick an entire space in a few clicks or write a precise query to get exactly what you need.

**Intelligent Debugging
& Discovery**

Explore your data structure and fix issues on the spot — no technical help needed.

**Deep JSON
Inspection:**

Look directly at the data behind your reports. Find the fields you need and build with confidence.
